

# CWORKS FAQ - Technical Queries

Resolution: In Internet Explorer, click on Tools. Click "Compatibility View" The Page will reload and the tabs at the bottom of the screen will display again.

Issue: The tabs do not display. This is due to a recent Windows update where Internet Explorer 7 has been updated to Internet Explorer 8

Employee No: A001  
Site Code: BT  
Full Name: Admin  
Address: [Redacted]  
Hand Phone: [Redacted]  
Work Phone: [Redacted]

Update

Version 4.0 Copyright © 2002-2009 CWorks Systems Berhad

Once Compatibility View has been selected, the tabs will display as normal.

Note: You will only need to set compatibility view once in Internet Explorer (IE) for every computer. IE will automatically save the URL: cworkscmms.com in its Compatibility View settings list.

Compatibility View Settings

You can add and remove websites to be displayed in Compatibility View.

Add this website: [Text Box] Add

Websites you've added to Compatibility View:

- cworkscmms.com
- yahoo.com

Remove

Include updated website lists from Microsoft  
 Display intranet sites in Compatibility View  
 Display all websites in Compatibility View
